OFFICIAL PAPER OF THE CITY.

Jamesville Daily Gazette.

VOLUME 8.

JANESVILLE, WIS., FRIDAY, SEPT. 2, 1864.

NUMBER 158.

The WEEKLY GAZETTE is now the largest paper printed in the State, and having the matter published in the DAILY to select from, we challenge comparison with any newspaper in Wisconsin. In correct political doctrine, in reliable market reports, in giving the latest news from all quarters, in literary merit and in local information relative to the city and country, we shall spare no pains to make the WEEKLY GAZETTE worthy of public patronage and support.

Spirit of the Opposition.

It will be a matter of great surprise to a large number of honest men throughout the North, to be informed that in the nearly one hundred public addresses made during the Chicago convention by the leading men of the party, not in a single instance did any one of the speakers declare himself in favor of putting down this awful rebellion by force of arms. Not one of their most considerate orators so much as declared that the democracy were in favor of maintaining the Union at all hazards "peaceably if we can, forcibly if we must." Not in a single instance that we have seen did they unequivocally declare that if the cessation of hostilities and a convention of all the States failed to bring peace and a restored Union, that then they were in favor of establishing the supremacy of the constitution by force of arms. If they mentioned war at all, it was to express their settled determination to make war to the death upon the present Administration. If they spoke of fighting, it was to assert their readiness to fight their way to the polls on election day under the motto "A free election or a free fight." If they alluded to the shedding of blood, it was to declare their determination to carry the next election for their candidate, even if it was necessary to stain the ballot box with blood. If the blood-stained traitors of the South were mentioned at all, it was to exalt them to an equality with our own patriotic generals in the field. Said Rollins of Missouri: "If we may boast of a McClellan, a Meade, a Grant and a Hooker, they have their Lees, their Jacksons and their Longstreets." Dick Merriock of Illinois, declared that they would have their rights at the ballot box "even to the extent of dying in it." Prof. William B. Wedgford, of New York said: "I speak the heart and voice of the war-worn democracy when I say that next fall we intend to have a free election, free ballot, free assembly together, or free fight that ever took place in this country!"

These elegant extracts are only specimens of the whole. Nearly every speech that was made during the convention was interlarded with threats of inaugurating civil war in the North, unless Union men everywhere will keep away from the polls on election day and let the democracy have everything their own way. That is what their threats mean. They believe that the loyal forces of the North have been so weakened by volunteering and recruiting for our armies, that they can now carry the election by force. They are for war, but not for a war for the Constitution and the Union. They are peace men, but ready to precipitate civil war in the North and win their way back to power by a free fight. They are ready to fight their neighbors at home, but are too much opposed to the shedding of blood to make war upon armed traitors in battle array. They have nothing but excuses for those who have taken up arms to destroy republican institutions upon the American continent, nor anything but curses for the men who are now loaded down with care in trying to preserve our liberties.

This is the spirit that animates these men who are the leaders of the modern democracy, and it remains for the loyal masses of the North to say whether they will consent to be over-awed by this bold game of bluff, or whether they will be prepared to assert their rights with a courage and resolution that must win respect. While granting to every man his constitutional rights, let them be ready to vindicate their manhood and civil privileges in a manner that shall be heard by those who indulge in these insane threats.

The La Crosse Democrat says, "Lincoln is a traitor and a murderer," and that "if he is re-elected to his present term for another four years, we trust that some bold hand will pierce his heart with a dagger point for the public good."

This is the same old spirit that inspired the murderous out-throats at Baltimore who waylaid Mr. Lincoln while on his way to Washington to take the oath of office four years ago, and it is the same blatant bravado that leads these blood-thirsty copperhead editors and orators to spout of a "free election or a free fight." Let these cowardly sneaks who threaten war if they are beaten at the ballot-box, know once for all, that the Union men of the country intend to whip them at the polls, and whip them afterwards if they need it.

The statement of several United States Revenue assessments in this (second) district, shows the total tax \$74,825, mainly licenses and incomes, the latter of which are over \$18,000 more than the preceding year. The different counties compare as follows: Columbia, 14,002; Dane, 30,053; Jefferson, 10,912; Rock, 22,858. The principal cities show as follows: Beloit, 4,020; Janesville, 10,212; Madison, 18,585; Watertown, 4,43.

The Union Meeting held in Madison last night was a very large and enthusiastic gathering. Senator T. O. Howe made a powerful speech in vindication of the Union cause. Hundreds were unable to gain admission to the hall.

Two hundred of the rebel prisoners taken at Fort Gaines have petitioned to be allowed to take the oath of allegiance.

Nine guerrillas and rebel spies were shot by the military authorities at Paducah on Tuesday and Wednesday.

STATE NEWS.

Lt. Col. Edward Bloodgood has been commissioned Colonel of the 22d regiment, vice Utley resigned. A son of Mrs. Steele, of Waukesha village, about 13 years of age, was fatally shot by the discharge of a gun loaded with shot, in the hands of a companion. He lingered from Thursday afternoon until Friday morning. Adjutant Gen. Gaylord has returned to Madison from Washington, having accomplished the Journal says, the object of his mission. While at the Capital he visited the Wisconsin soldiers in the hospital, and found them almost all doing exceedingly well and in the best spirits. He spoke particularly of Lieut. Col. Warner and Maj. Hamilton of the 36th, wounded in the late movement north of James river, as getting along finely. The Madison Journal says, that all the soldiers arrested for the assault on Deputy Secretary of State Spencer have been acquitted on preliminary examination, except one named Connolly, who has been held to answer. The Democratic Congressional Convention for the first district is called at Racine on the 14th of September. The Racine Times has information, deemed reliable, that two families of that village, viz: Mr. John W. Bachelor and his brother Eaton, and Amariah Hayden, all nineteen persons, who were all on their way to California, were murdered by Indians, after leaving Fort Laramie. One of Bachelor's daughters succeeded in escaping and reaching a station but was subsequently captured. Col. Allen informs the Madison Journal that a good many men are enlisting in the companies designed to re-organize the Fifth Regiment. The Dunn County Lumberman says we are told that the Indians up the country are in a suffering condition and their impotency for food has assumed a boldness that is very annoying and somewhat alarming to the settlers. They do not hesitate to go into the houses and ask for provisions, and if they are not promptly supplied, they threaten that they must not be interfered with while they help themselves.

SOMETHING NEW.—Prof. Willard the celebrated Chloropist, who cures corns, bunions, diseased and ingrowing nails, is in our city. From what we hear, his operations are of a very scientific character. He performs a cure in from one to five minutes without inducing pain, blood, or resorting to the use of cutting instruments, forceps or chemicals, plasters, bandages or medicines of any kind. He comes recommended by eminent medical men and has submitted his system to several of our own physicians who are highly pleased with it. Dr. Coryell says: "I have been operated upon by Prof. Willard for a very troublesome ingrowing nail and am perfectly satisfied that his operations are efficient and scientific in every particular. The operation was without pain or blood and gave immediate relief." His room is No. 32, Myers House, August 17th.

The Waukesha Democrat tells of the afflictions which befall some unwarlike wool merchants in that county, as follows: "Early in the forenoon, four persons driving a large load of wool towards Milwaukee excited the suspicion of some residents of the town of Pewaukee, who stopped the wool merchants, when one of them skeddaddled into the woods and escaped. The other two were forcibly detained until legally furnished with free board and lodgings in the institution superintended by Deputy Sheriff King. We understand that the men who are in jail 'own the corn,' they say this was the third trip; the two former loads were sold in Milwaukee, and the proceeds divided among the company, making between eighty and one hundred dollars apiece out of each load. At first there were only three in the gang, but the business being so remunerative, the fourth partner was taken in, and he got caught the first time. None of the thieves were residents of this place except one who escaped, and he had been here a few months employed in a marble shop. It is said that he was the chief engineer of the operation."

Deputy Sheriff King has been able to recover the last load of wool the thieves sold, in Milwaukee; but there are no tidings of where the first load was sold. Neither of the persons caught can give any clue, as they were not present when it was disposed of—the member of the firm who made the sale being yet at large. Eldor Miner and Silas Barber are owners of the stolen property.

SLOAN RE-NOMINATED.—Hon. I. C. Sloan was re-nominated for Congress in this district at Watertown last week. His services in the last Congress are appreciated by the people as evidenced by his re-nomination. It is customary to return a re-nomination. Mr. Sloan, while in Congress, invariably acted and voted in favor of the measures of the great mass of the loyal people of the country, and he was an ardent and faithful representative of his constituency, and always found in his seat when able to sit there. No one ever questioned his integrity, and we have abundant proof of his ability and capacity. He should, and doubtless will be returned by a largely increased majority, and we may rest assured that he will faithfully represent his constituency. Stoughton Reporter.

Rock County Officers.—The Rock County Convention last week re-nominated all the present incumbents of county offices except sheriff, in which office the Constitution requires that a change shall be made once in two years. This action falsifies the old down-east proverb, that "mighty mean men get office out West;" for we do not believe that the enlightened people of Rock County would give that class of men office two terms in succession. Monroe Sentinel.

The NEW ORLEANS Times says when the loyal Dutchmen at Mobile heard the guns of our fleet at the mouth of the bay, they smiled and said: "Dat is Farragut!" (Very good.)

BURGULARIES.—We learn that the residence of Col. Daniels, of this village, was entered on Friday night last, and the clothing of a guest of the family carried off. The thieves evidently expected more, but were fortunately disappointed in securing money or valuables.

The residence of M. Sellers, was also entered the same night, but the thieves, after unfastening the door, got frightened, and left without obtaining any booty. Our village, at the present time seems to be infested with a gang of thieves, and it behooves householders to be on their guard against them. Waukesha Freeman.

THE MADISON Journal of Wednesday says: A company of 90 men came in from Waukesha, last night. Though so far away that she cannot get the news of what is required of her as soon as some, she is never behind in answering demands on her patriotism.

The Forty-Eighth Regiment is reported full. The Forty-Second is also reported about full.

It is understood that the Forty-Third lacks but a few more men.

We hear that a new company for the Sixteenth is organizing, and will probably soon be full.

AN AMUSING circumstance occurred in a singing-school, some years ago. A Mr. Paine was the teacher, and a Miss Patience one of the pupils. In the course of the evening the teacher gave out the tune set to the words: "Come, gentle patience, smile on pain."

The pupils were so excited by laughter that it was found impossible to sing the line. Soon the teacher gave out another, in which were the following lines: "Oh, give me tears for my own weep, and patience for my own."

The risibilities of the school were so affected that all singing was deferred until another occasion.

The Dunn County Lumberman says: "We understand that sickness has prevailed to an unprecedented extent in the little village of Durand, this season."

The water that has no taste is purest; the air that has no odor is freshest; and of all the modifications of manner, the most generally pleasing is simplicity.

A DEFINITION.—Profound silence in a public assemblage has been thus neatly described: "One might have heard the stealing of a pocket-handkerchief."

DEER are very abundant within ten miles of St. Paul, caused by the advance of Indians and hunters.

DYSPEPSIA, NERVOUSNESS, AND DEBILITY. DR. STRICKLAND'S TONIC.—We can recommend those suffering with Loss of Appetite, Indigestion, or Dyspepsia, Nervousness and Nervous Debility, to use Strickland's Tonic. It is a vegetable preparation, free from alcoholic liquors; it strengthens the whole nervous system; it creates a good appetite, and is warranted to cure Dyspepsia and Nervous Debility.

New York, September 1.—Additional from Mobile by yesterday's dispatches.

The vessels were stationed on either side of Mobile Point, and the fort was therefore invested on three sides.

The firing from early dawn until six o'clock, was regular and effective, but shortly after that time it became rapid and extremely heavy.

The sight from Ft. Gaines and other points from which the point of operations of the fleet and the land forces, could be witnessed around the entire field.

The appearance of the bombardment is described as being most grand and stirring.

The bursting of the heavy shells in the fort or over it, was constant, and for four hours the rebel garrison received in that way, an average of about one shell per minute.

The monitors fired at close range, their aim was unusually good, and the explosion of their 11 and 15-inch shells, could be distinguished from the bursting of the shells thrown by the other guns which were of smaller calibre.

The ram Tennessee assisted in this action and did good service.

The large vessels of the fleet poured in continuous broadsides, and the rear of the fort was covered by the fire of the army.

The regular discharge of cannon in various directions around the fortifications, and the flying of the shells cannot be adequately described.

This rapid fire was continued till 10 o'clock, and then slackened somewhat, though the firing was kept up. In all this time the rebels who were at the guns did very little work.

During the whole of the heavy bombardment, we were not able to distinguish but four shells from Fort Morgan, after the principal work of the day began from our batteries. It does not appear that the rebels had any hope of being able to arrest the attack of our forces.

The surrender of the fort, as our forces will learn from other sources, took place on the 23d.

It is understood that the rebel land force at Mobile is quite small.

New York, Sept. 1.—The steamer McClellan from New Orleans 24th, via Mobile Bay 27th, has arrived. She brings Farragut's official dispatches regarding the capture of Fort Morgan, and the flags of the rebel ram Tennessee, the rebel steamer Selma and of Forts Morgan and Gaines.

The rebel ram Nashville was blown up by the Metacomb on the night of the 25th just below Mobile. She was 300 feet long, and was to mount 12 guns. Six torpedoes in the channel below the forts had been fished up. The ram Tennessee would soon leave for New Orleans. The Selma is doing duty in the Union cause.

Our forces ashore, and on shipboard are in excellent condition.

New York, Sept. 2.—The Herald's Mobile correspondence says that on

EARTH'S ANGELS
(For the Gazette)
Sister, we were taught, and well,
That in heaven the angels dwell,
Pure and bright,
And we are told that here
Angels visit us
To the saved.
And I love to think they come
From their bright and blissful home,
Down to me,
All unseen by mortal eye,
All unheard by mortal ear,
From heaven.
But I've sometimes thought there are
Earth-born angels bright and fair
Round our path,
Those whose souls are bent to love,
Like the angels there, above—
Born of God.
Walk with willing step, and cheerful,
With whose sorrow's eyes all fearful
Lifts its gaze,
Following Him whose life was holy:
Caring for the poor and lowly,
As He did.
Methinks all life's business bearing—
Quail other's trials sharing
Day by day,
For man's prizes never caring—
Earth's high honors never wearing,
Nor its crown.
For life's fleeting joys are nothing—
Faint thinking of the living,
Closing hour,
Where the blood-washed and forgiven
Rest with Christ.
Only wishing, only praying,
For a faithful heart and loving
Every hour,
Only wishing to be pure,
Only asking to endure
Every cross.
Sins are done, and into the white,
When the angels of their smile
Light the way,
Thus this life is sweeter, purer,
And its daily sorrows fewer
Where they move.
Earnest, cheerful spirits here,
They will shine in beauty there,
Forever.
These fair ones of holiest worth,
Must be angels of the earth—
Are they not?
